Re: Application No. 10/692,102

REMARKS

The following is in reply to your Office Action Summary dated May 2, 2005.

- 1) A corrected drawing sheet is submitted with the label "Replacement Sheet" in the top margin.
- 2) Since the substitute specification filed on 02/09/05 has not been entered, it is re-submitted here.
- 3) The following statement is made as required by CFR 1.121(b)(3)(i):

Replace the original specification with the enclosed substitute specification.

- 4) The following statement is made as required by CFR 1.125(b):

The substitute specification does not contain new matter.

- 5) A marked up version and a clean version of the specification are submitted in accordance with CFR 1.125(c).

- 6) The following is a summary of the changes to the specification:

- a) The references to US Patents were removed and placed on a separate sheet.
- b) The references to the publication "Motorcycle Chassis Design" were removed.
- c) Two sentences at the end of the first paragraph in the section titled "Summary of the Invention" have been removed because they were not pertinent.
- d) Since all statements regarding the length of the rear rail and its affect on turning angle have been removed from claim 1, nothing has been added to the specification (specifically paragraph 4) to support that limitation.
- e) All other changes are minor grammar corrections or clarifications.
